

Match Your Budget and Needs!

The great thing about Servant Keeper Check-In is that it is very scalable. Whether you are a small church with an extremely tight budget or a large church with broad needs, you will get a solution that matches your situation.

This is possible because Servant Keeper Check-In does not require any special hardware in order to operate. All you need is a regular desktop PC. However, if you are a church who wants to take advantage of those features that utilize special hardware, you are able to do so. This is because Servant Keeper Check-In is designed to work with or without touch screens, barcode scanners, and thermal printers.

So the choice is really up to you!

SERVANT KEEPER® Check-In

Check-In Hardware Options

KIOSK - WALL or DESK MOUNT

\$1499.00

(SK Check-In Not Included)

Touch Screen All-In One PC

Built to last, this kiosk will hold up to high volume traffic for main services, day care facilities, and nursery or special event centers. A fanless unit, this kiosk is extremely energy efficient, affordable, quiet, and can run for long periods of time w/o overheating. COMES WITH Microsoft Windows EPOS

TOUCH SCREEN

\$499.00

(SK Check-In Not Included)

For use with any PC

Hardy and solid, this screen will also hold up to high volume traffic for main services, day care facilities, and nursery or special event centers. An economical way to implement touch screen technology into your SK Check-In solution, these screens can be utilized with any PC running SK Check-In (see specifications).

HANDS FREE SCANNER

\$275.00

Quickly and efficiently check-in your children with this great hands free scanner by simply waving a barcoded membership card (that you created in Servant Keeper) in front of this omni-directional scanner! Check-Out is just as easy!!

HANDHELD SCANNER

\$210.00

This economical scanner simply requires that the barcode be lined up with the scan line! Place in the included stand for easy operation.

MAGNETIC STRIP READER (MSR)

\$89.00

Using an MSR reader allows your people to check-in using a credit card, drivers license*, or anything with a magnetic strip† such as your gym membership card. The MSR makes for super easy check-in or attendance tracking!

*not all state DLs have magnetic stripes
†not all mag stripes have I.D. info

ID CARDS w/Barcodes and MSR

Want durable, professional looking cards? These are for you! Pricing varies according to quantity \$.75-\$1.00/ea.

BADGE AND CLAIM TICKET PRINTERS

These thermal printers require no ink cartridges! Very fast and easy, badges and claim tickets are instantly printed to these printers during the check-in process, and then used for verification at check-out. Call for available models and pricing.
